I surf the internet a lot in my free time – catching up on business and sports news on many different websites. I also check my emails for work. By installing anti-virus software on my phone and laptop, I can now do so without worries.

By **ADDING** better security to my phone and laptop, I can prevent myself from falling victim to scams. You can too.

Goestela Spancer, 36

I Can ACT Against Scams

ADD security apps and privacy settings

CHECK with official sources

TELL friends and family about scams

scamalert.sg

SPOT THE SIGNS.
STOP THE CRIMES.
